Advancing Aquatic Health: Addressing Antimicrobial Resistance in Global Aquaculture

November 17, 2025

8:00–11:30AM U.S. Central Time

**Qing WANG, Head, FAO Reference Centre for AMR and Aquaculture Biosecurity and
Division Director, Aquatic Animal Disease Prevention and Control, Pearl River
Fisheries Institute, CAFS (wangqing@prfri.ac.cn)**

Dr. Qing WANG is Professor at Pearl River Fisheries Research Institute, CAFS. She graduated from Sun Yat-sen University in 2008, and as a visiting scholar in the Oregon State University in 2015. She is currently the chief expert Grass Carp Hemorrhagic Disease (GCHD) in the National Aquatic Animal Disease Surveillance Program of the Ministry of Agriculture and Rural Affairs. Prof. WANG focuses on epidemiological investigation, diagnosis techniques and vaccine development of freshwater fish diseases, with rich research experience in aquatic disease prevention and control and is taking activities majorly in viral diseases control.
